

NOTES

1. Verifying Dimensions
The contractor shall verify dimensions against such other drawings or site conditions as pertain to this part of the work.
2. Existing Services
Any information concerning the location of existing services indicated on this drawing is intended for general guidance only. It shall be the responsibility of the contractor to determine and verify the exact horizontal and vertical alignment of all cables, pipes, etc. (both underground and overhead) before work commences.
3. Issue of Drawings
Hard copies, DWG and PDF will form a controlled issue of the drawing. All other formats (JPG, PDF etc.) are deemed to be an uncontrolled issue and any work carried out based on these files is at the recipient's own risk. No liability shall be accepted for any damage or loss of data arising from these files, either by transmission to any recipient, or from any unauthorised measurements, compatibility issues with the recipient's software, and any errors arising when these files are used to aid the recipient's drawing production, or setting out on site.
4. OS Map Sheet No
